PHOTO INTELLIGENCE MEMORANDUM

25X1A

25X1A

25X1A

25X1A

This memorandum reports the completion of a request by [REDACTED] S/SO for information regarding the deck cargo of the Soviet Liberty Ship [REDACTED] which was photographed in the Bering Sea apparently enroute to Provideniya in N. E. Siberia.

Air Force Report LR-9-54 (AF632585) from the Hq. Alaskan Air Command dated 1 September 1954 consisted of a photo interpretation report based on the photograph of this ship. This report stated that the deck cargo consisted of 4 tanker-trailers, another possible tanker-trailer, and two un-identified trucks, possibly used for transporting fuel. The requester desired confirmation of this report based on a study of the photography by D/GP.

Although the photo was taken by an aircraft in a Navy VP22 squadron, a copy was not available in ONI. OCD/LD/DB initiated a memorandum to AFOIN-1A1 requesting copies of the photography referred to in LR-9-54. Two copies of the photograph were received in answer to this request.

25X1A

A careful study of the photography was made and the information reported in the LR-9-54 report was confirmed. This information and one of the photographs was given to [REDACTED] S/SO.
